DIRECTOR’S REPORT

Ms. Minter thanked the Commission for their hard work and efforts to complete the review and update of the Vision, Goals and Objectives of the Comprehensive Plan. At this time, it needs to be discussed on how the Commission wishes to proceed. Do they feel confident enough in the proposed changes to have a public hearing in July? Do they want to meet for one last work session before going to the public hearing stage? After a brief discussion, the Commission determined that they wanted to proceed to the public hearing in July. Ms. Minter advised the Commission they would receive an updated proposal of text changes within a short period of time. A public hearing would be scheduled for July. The property legal notices will be issued.

Ms. Minter advised the Commissioners that an update to the Subdivision Regulations is on their desk. The only item is an update to Appendix Z listing all modifications to the Subdivision Regulations. Please update your paper copy binders. We have also distributed additional information pertaining to regulations of open meetings and open document request. Please place these in your Zoning Ordinance binders.

Ms. Minter informed the Commissioners that, in regards to FEMA, we have entered into a Community Rating System. We have recently completed our audit. We have been advised that we do qualify for discounts to the flood insurance rates for several of our communities. We will continue to work with FEMA to obtain additional discounts to assist our citizens.

Mr. Verst asked if there was any other business to discuss before they recessed. There being no other comments, Mr. Verst called for a motion to adjourn. Mr. Barrow made a motion to adjourn. Mr. Stubbs seconded the motion. An oral vote found everyone in favor, none opposed. Motion passed. Meeting adjourned at 8:53 PM.

Respectfully Submitted,

Cynthia Minter
Director of Planning & Zoning
